Relevant Experience

Software Engineer CapTech Consulting

NOVEMBER 2020 - MAY 2023

- Developed and delivered web applications, dashboards, and websites using JavaScript, Angular, React, and TypeScript, with a strong focus on CI/CD best practices
- Collaborated with stakeholders and cross-functional teams to analyze client requirements and deliver innovative software solutions to Fortune 500 clients, including prominent financial services companies
- Successfully applied agile methodologies and project management techniques to streamline development processes, enhance collaboration, and consistently meet project deadlines
- Employed modern tools and technologies such as Figma, Sketch, and InVision to contribute to the design and development of responsive, accessible, and mobile-friendly user interfaces

Web Developer SignUpGenius

JULY 2016 - NOVEMBER 2020

- Created dynamic and responsive applications, landing pages, and emails with HTML, CSS/SCSS, JavaScript/Angular, jQuery, and ColdFusion for use across multiple browsers
- Designed multiple interfaces, landing pages, and emails in a team-based environment using tools such as Sketch, Affinity Designer, and InVision Freehand
- Worked with multiple teams in tandem (UI/UX, Development, Marketing, Testing, and Support) in an Agile development process environment

Front End Engineering Student The Iron Yard

FEBRUARY 2016 - JUNE 2016

- Studied and created projects using HTML, CSS/SCSS, JavaScript, Angular, and API utilization
